Attractiveness of the country and city your university is located in:

Bratislava is the capital and the largest city of the Slovak Republic. It is considered to be the political, cultural and economic centre of Slovakia. Officially, the population of the city is about 430,000 inhabitants. Its location on the borders with Austria and Hungary makes it the only national capital that borders between two countries.

The strengths of academics at your university:

The ideal place for your Economics studies is right here, at the biggest university in Slovakia The University of Economics in Bratislava which provides complex and integral education in economic and management study programs at all levels of study. We have seven faculties which provide education in different fields. See the second slide or website.

Available student life support during the exchange:

ESN – Erasmus Student Network is offering help, guidance and valuable information to exchange students and helping exchange students to adapt in the new environment.

Opportunity of interaction with other students:

ESN administers a Buddy program allowing local students to „adopt“ an exchange student for one semester and to help him/her during the first weeks in the new city – to show him/her around, meet other local students and give necessary advice and tips.
