

Watch our video to learn how to set up respon!

The video is narrated in Japanese language

## Installing the respon app on your smartphone

respon is a free app to use with your school's manaba service.

**iPhone** → Search for "respon" on App Store.

**Android** → Search for "respon" on Google Play's "Apps".

※respon is currently available only in Japan region of App Store and Google Play.

※The respon app is compatible with iOS8.0 or later and Android 4.0 or later. iPad users must search in "iPhone app" on the App Store.

## Setting up respon app

After installation, set up the app with your email address.

1. Launch the respon app, then tap "Settings" in the tab menu at the bottom.
2. Enter your email address (you must have access to the mailbox) and tap "register".  
You will soon receive a mail with the confirmation number.

In case your mailbox has a spam filter enabled, please set it up to receive all mails from the [respon.jp](https://respon.jp) domain.

3. Enter the confirmation number that you received via mail, and then tap "Next" to complete your registration. Note: the confirmation number is a six-digit number.

4. Next, set up your manaba ID. Tap "Set up manabaID" to use respon in the school.
5. To complete manaba setting, enter the **manaba URL** below, and then tap "Next".

**<https://manaba.apu.ac.jp>**

6. You will see the manaba login screen.  
[Enter your manaba ID and password](#), and then tap "login"

7. After a successful login, you will see the final confirmation screen.  
Check your ID and name, and then tap "OK" to finish.

Let's start respon now!
