### 2.1 Course Registration

- Course Registration involves not only carrying out the procedures for registering classes, but also making the decision regarding which classes you wish to take. It is the most important part of your academic planning, and it is necessary in taking classes, receiving credit and graduating. To help facilitate the planning of all students, always take utmost care when registering. Please do not register for courses you do not plan to attend, as this may prevent other students from registering.
- The syllabus can be viewed on the Campus Terminal. Please review the syllabus before registering.
- When you register or cancel subjects online, please be sure to click the Apply button to register your changes. Upon completion, please make sure to save or print the Course Registration Confirmation Sheet which includes your "Registration No." Without this number on the Course Registration Confirmation Sheet, we cannot respond to inquiries about system errors. Be sure to record the date the Course Registration Confirmation Sheet was printed/saved.
- Students expecting to graduation in March, 2020 who are uncertain about meeting the required credit criteria should plan to register and complete extra credits.
