

To 2018 Spring Semester Returning Students:

3rd and 4th Year Seminar Subject Applications

Students returning to APU who want to take a 3rd or 4th Year Seminar Subject from the semester their studies will recommence must apply the semester before the Seminar will begin. Please refer to the following information and apply within the designated application period. Students must first consult individually with the instructor of their desired seminar subject, then submit an application.

- Students who are planning on continuing the Seminar that they took prior to a leave of absence (LOA) are still required to submit a new seminar application.
- 3rd and 4th year Seminar subjects are semester-based. Students are unable to cancel a Seminar subject once they have received permission to take the Seminar.
- "Undergraduate Thesis" requires the completion of "Research Seminar" as a prerequisite. Students who have not completed this course are unable to register for "Undergraduate Thesis" alone.
- For students who have passed "Research Seminar"(2 credits) in the first half of their 4th year, "Undergraduate Thesis"(4 credits) will be automatically registered for the semester they return to APU. These students do not have to complete a seminar application during their LOA.
