

Purpose and Operation of Seminars

The Seminars must help develop an inquiring mind in students and inform them that issues, research questions or hypotheses that they address need substantiation based on evidence and argument. They should train students about the method of collecting, synthesizing and drawing defensible conclusions based on data.

All students must register for Seminars in accordance to their length of study, semester of enrollment, supervisor, etc. The Seminars are designed to assist students their individual research, leading to the production of the Master's Thesis, Independent Final Report or Internship-based Case Study. Seminars' subject titles are Management Seminar I, II and III and completion of all three seminar subjects is required for program completion.

2019 Fall Semester Seminar Orientation Session

GSM students begin taking seminars from their 2nd semester*.

* Students enrolled in the Accelerated Completion Program begin taking seminars from the 1st Semester.

A Seminar Orientation Session will be organized in the second half of the 1st quarter of the semester where details about seminar classes, information about possible seminar supervisors, etc. will be provided. All new GSM students MUST attend the Seminar Orientation Session.

The Seminar Orientation Session will be conducted as follows.

Following the orientation session, students should meet with supervisors within their Specialization and report selection of their supervisor by the deadlines set for their completion program. Details on seminar teaching methods and contents will be available on the Graduate School webpage prior to the orientation session.
