

2019 Spring ANDO Momofuku Honor Prize

For Undergraduate Students Graduating in 2019 Fall

The ANDO Momofuku Honor Prize is the most prestigious honor awarded to an undergraduate student enrolled at APU.

The recipient of this prize has the honor of giving a speech at the graduation ceremony as a representative of the graduating class, and is expected to go on to represent APU as the recipient goes on to become international leader. The recipient also receives a monetary award in the form of one million yen from an endowment by the late Dr. ANDO Momofuku.

Application Guidelines

I. Purpose

The ANDO Momofuku Honor Prize was established through a generous endowment by the late Dr. ANDO Momofuku, founder of NISSIN FOODS HOLDINGS Co., Ltd. and the recipient of an honorary doctorate from Ritsumeikan University. This prize is intended to support and encourage students who are expected to go on to become leaders in the Asia Pacific region.

II. Overview

1. The recipient receives a certificate and a cash award of one million yen. (The prize will be awarded after the selected candidate passes their graduation assessment and makes a scheduled visit to the headquarters of NISSIN FOODS HOLDINGS Co., Ltd.)
2. Number of awardees: 1

III. Application Eligibility

Applicants must meet all of the following conditions to be eligible for the Honor Prize.

1. Expected to graduate in September 2019. A selected candidate who fails to graduate as scheduled will have their prize revoked.
2. Students who have an understanding of this scholarship's objective and meaning; who have high ambitions for their future career; have good records in both academic and extracurricular activities at APU; and have the potential to realize their ambitions.
3. Students who have obtained outstanding achievements in the field of academics or have displayed outstanding performance in extracurricular and independent activities.
4. Completed a periodic health checkup.
5. Is able to participate in a visit to NISSIN FOODS HOLDINGS Co., Ltd. sometime between January and March 2020.
6. Has not been subject to disciplinary action.

	<p style="text-align: center;">Dr. ANDO Momofuku</p> <p>In 1958, Dr. ANDO Momofuku invented the world's first instant noodles in the form of Chicken Ramen. A food ready to eat in just two minutes after adding hot water, Chicken Ramen was dubbed "magic ramen," and immediately went on to become an immense hit product.</p> <p>Furthermore, in 1971, Dr. ANDO invented the world's first noodle-in-a-cup product with Cup Noodles, the culmination of varied wisdom and innovative ideas. The birth of this product prompted instant noodles, which had originated in Japan, to become a global food.</p> <p>In 2005, Dr. ANDO contributed to the diet of mankind even in space by developing Space Ram, the world's first instant noodles to be consumed in space, at the age of 94. He would continue to possess creative ideas and the tenacity to persevere until the close of his life at the age of 96.</p> <p>Dr. ANDO graduated from Ritsumeikan University in 1934, and was subsequently conferred the title of Honorary Doctor of that University in 1996.</p> <p style="text-align: right;">(Source: NISSIN FOODS HOLDINGS Group website)</p>
