1. What is the AP Language Immersion Program?

■The AP Language Immersion Program■

The AP Language Immersion Program is a curricular subject ("Intensive Language Learning Overseas (Language Education Subject)" for 2017 curriculum students or "Intensive Language Learning (Language Education Subject)" for 2023 curriculum students.

Characteristics of Programs in Each Language

[Korean]

This program is a 4-week short-term Korean language study abroad program at Korea University.

This program is offered to beginners of Korean (students who have never studied Korean), elementary learners, and intermediate-advanced learners. Based on the results of the placement test, students will be assigned to the appropriate class level. The pre-program classes and post-program class will include pre-departure tests, preparatory study, and post-program reflection. During the program in Korea, language classes, cultural classes, and fieldwork will be conducted, aiming not only to improve Korean language skills but also to deepen understanding of Korean society and culture.

[Chinese]

This program is a 3-week short-term Chinese language study abroad program. The program consists of Chinese language classes, conversation practice with student SAs from Taiwan National Chengchi University, a half-day tour and field study in Taipei, and cultural study workshops. Participants are required to attend pre-program face-to-face classes at APU and take a Chinese level test prior to the start of the program. The post-program class will be conducted online, and students will be required to take a Chinese level test at the end of the program. Chinese language classes, conversation practice, a half-day tour and field study, and cultural study workshops will be conducted under the guidance of faculty members or SA students from Taiwan National Chengchi University.

[Spanish]

This program is a 3-week short-term Spanish language study abroad program. The Spanish as a Foreign Language (ELE) curriculum at the Centro de Lenguas Modernas (Granada University) is articulated around a global and inclusive vision of student training, through classes and activities trying to foster both their communicative competence in Spanish and their personal development.

2. Program Overview

Language Immersion Program Objectives

- (1) Language Immersion Programs serve to complement APU's curricular Language Education Subjects and aim to strengthen students' proficiency in the target language through intensive language training in the country/region in which it is used.
- (2) Participation in these programs stimulates curiosity in the language, culture, and society of the country/region where the language is used and motivates the student to continue studying that language after completing the program. This also serves as an opportunity for the participant to think deeply about the connection between language and their area of specialization in terms of study/research.
- (3) Students will improve their ability to respect other cultures and work toward mutual understanding through exchange with students and citizens of the program country/region.
