- All credits acquired during the program will be reviewed by each college and the Division of Academic Affairs. If approved, these credits will be counted towards the student's graduation at APU.
- Because many summer/winter programs center on intensive courses in English, you must possess a high level of English proficiency prior to participating in the program.

- In the event you participate in the program in person, in addition to attending all of the host university's classes, you must actively participate in class activities. Studying and living abroad is an invaluable experience. However, it can also be difficult and stressful. In principle, you are responsible for dealing with any problems you might experience abroad on your own. We expect you to have a keen awareness of your surroundings and the ability to act responsibly to avoid any dangerous situations

Items Common to All Programs

1. Visa

It is the student's responsibility to verify the visa(s) that will be required from departure through return home and then to apply. The visa(s) required will differ depending on the student's nationality, the country/region of dispatch, and the length of stay. Students should check the website for each embassy to confirm the visa required (including transit visas) and the documents required. Further, because visa application requirements can change without notice, please be sure you have the most recent information in hand. For those getting a "Visa On Arrival" (also: "On-Arrival Visa"), according to the regulations of the country issuing the visa, generally speaking such visas are not recognized except in cases when a visa cannot be obtained prior to traveling.

In the unlikely event that you are unable to obtain your visa by the date set, your dispatch/study abroad program will be canceled. Also, the dispatch/start date of your study abroad program will not be changed. In that event, the participant will bear the cost of any cancellation fees. Cancellation fees to be borne and grades will be handled in accordance with the " Disclaimers and Notices ".

[International Students Only]

International students should review the renewal date for their Japanese residence permit and permission for reentry in addition to the visa requirements for the country where their program will be run. If there is anything you don't understand regarding the renewal date for your residence permit or permission for reentry, please check with the Student Office.

Note: Depending on the program, there are cases when your visa application will be handled by an agency. Please confirm the details with the program coordinator.

2. Insurance

Including cases where students have already individually taken out an insurance policy, program participants must take out domestic and overseas travel insurance as designated by APU and the host institution, join the JCSOS Crisis Management System (J-TAS), and so on. Details on taking out these insurance policies will be provided in the pre-program classes and at the guidance session for participants.

3. Vaccinations

The APU Health Clinic will provide information on the types of vaccinations it recommends at the pre-program classes and the guidance session for participants. Because the vaccinations recommended by the Health Clinic are not mandatory, each student should decide for themselves about whether to get the vaccination(s) or not. Students wishing to get the vaccination(s) should contact the health clinic and make an appointment for themselves.

Please note that some vaccinations may be mandatory depending on the dispatch destination, so please follow the instructions given during the guidance session.

4. Program Cancellation or Change of Program Contents, Cancellation of Participation

- ① Programs may be cancelled or program contents may be changed in the event that any of the following apply. Students should put together a reasonable registration plan having taken these possibilities into consideration.

 - B) In the event a program cannot be operated safely in view of social conditions
When making the decision to cancel a program, we take into consideration the projection that any of the following will occur in the program destination: natural disasters; accidents; strikes; infectious disease; political unrest in the program country or region; disruptions to the normal operation of public transportation or medical services; war; terrorism; injury to, or sudden hospitalization of, faculty coordinators; or other unforeseen circumstances.

- E) In the event of misconduct
- F) In the event of other violations of the participant's duty as a student

- ③ The student will be required to pay for costs already incurred at the point in time when their program participation is canceled.

5. Withdrawal After the Announcement of Screening Results

The university undertakes screening on the assumption that, at the time of application, everyone who applies to a program wishes to participate. Therefore, as a general rule, withdrawal after the announcement of screening results is not permitted.

When applying, students should carefully review the program contents in advance and make their preparations assuming they will not withdraw. Furthermore, if a student fails to pay the cost set by the university by the deadline, this will be treated as a withdrawal. Please see Item **"6. Cancellation Fees"** below regarding cancellation fees.

In the case of credit-granting programs, as a general rule students who withdraw will be assigned a grade of "F".

6. Cancellation Fees

In cases where a participant is forced to withdraw after announcement of the screening results, the withdrawing student must pay costs incurred up until that point in time. The cancellation fee also includes bank fees (overseas wire fees, etc.).

In the case that the costs required by the program have already been remitted to the university, the cancellation fees will be deducted and the difference will be refunded. The refund procedures require a certain amount of time.

7. Registration Plan

Students should thoroughly review their registration plan and number of credits to be earned through the program and confirm that this plan will not cause any problems with their registration plan for graduation. No special consideration will be given in the event that problems are identified after the screening results have been announced and also that an item listed in **"4. Program Cancellation or Change of Program Contents, Cancellation of Participation"** has arisen. Students should assume personal responsibility when applying to any program.

Note: It is not possible to participate multiple times in a program having the same lecture content.

If it is not clear whether or not the program you wish to apply for has the same content as a program you have already completed, please inquire with the Academic Office before applying.

8. Handling of Personal Information

Please see the pledge for details.

9. On Participating in a Program

1_Whether or not a program experience is rewarding depends greatly on the attitude and effort of the participants themselves. Each participant should firmly set goals for participating in the program. Further, attendance at the guidance session and the pre-/post-classes held before and after dispatch is mandatory. Absences without notice are not permitted. Also, students should be sure to submit all documents and assignments by their deadlines.
