Questionnaires and Polls

- Questionnaires and Polls
 - There are 4 types of questionnaires and polls.
 - Your instructor will use the most appropriate type for their goals. Please choose the right answer based on the question type.

| Function | Questionnaire | Feedback | Poll | Live Poll |
|------------------------|---|---|---|--|
| | | | | |
| Features | Create advanced questionnaires combining various question formats | Set simple questions and create questionnaires | Create simple questionnaires with only one question | Set questions and display responses in real time |
| Approx. Time to Answer | Approx. 5 to 30 minutes | Approx. 5 to 30 minutes | Approx. 1 to 5 minutes | Immediately |
| Example of Use | Conduct a questionnaire about students' academic history and overseas experience before the start of English courses to gauge their English proficiency | Conduct questionnaires to survey students on various topics, including comprehension of class or course content and professor evaluations | Ask students how well they understood the content after each lecture on a 5-point scale from "understood well" to "did not understand at all" | Encourage students' participation in class by setting simple multiple-choice quizzes and questionnaires during class |
| Question Type | Multiple choice / Essay | Multiple choice / Essay | Multiple choice only | Multiple choice only |

Answering Questionnaires

Questionnaire

- Function for giving advanced surveys

Feedback

- Function for giving simple surveys

| Question Types | Description |
|-------------------|---|
| Yes/No | Answer with Yes/No |

Checking results

Questionnaire

- If the instructor has not enabled the setting, you may not be able to check the results.

The screenshot shows a Moodle questionnaire interface. At the top, there are three buttons: "Questionnaire" (underlined), "View your response(s)", and "View all responses". Below these are two callout boxes: an orange one pointing to "View your response(s)" with the text "Check your response", and a green one pointing to "View all responses" with the text "See all responses". The main content area says "You have already filled out this questionnaire for us. Thank you." At the bottom, there are two more buttons: "View your response(s)" and "View all responses".

Feedback

- If the instructor has not enabled the setting, you may not be able to check the results.

The screenshot shows a Moodle Feedback Analysis page. At the top, there are two tabs: "Feedback" and "Analysis" (selected). A green callout box points to the "Analysis" tab with the text "See all responses". Below the tabs, the page title is "Analysis". It shows "Submitted answers: 1" and "Questions: 8". The main content is a bar chart titled "(1) 多肢選択-複数選択" (Multiple choice - multiple selection). The chart has a y-axis with values 1, 2, 3 and an x-axis with values from 0 to 1.0. The first bar (A/あ) is at 1.0, the second (B/い) is at 1.0, and the third (C/う) is at 0. A blue callout box points to the chart with the text "See detailed responses in the table". At the bottom, there is a "Show chart data" link.

Poll

- If the instructor has not enabled the setting, you may not be able to see others' responses

Check your response

See all responses

The screenshot shows a Moodle Poll page. At the top, there is a text field "Your selection: い/B". Below it is a bar chart titled "Responses". The chart has a y-axis with values from 0 to 1.0 and an x-axis with values "あ/A", "い/B", and "う/C". The bar for "い/B" is at 1.0. A green callout box points to the chart with the text "See all responses". At the bottom, there is a "Show chart data" link.

Live Poll

- You can see results in real time as they continuously update.
- The graph styles may differ based on the instructors' settings.
- The answer you chose will be highlighted, such as by being shown in a different color.

A collage of various Live Poll graph styles. It includes a bar chart, a pie chart, a donut chart, a gauge chart, and a diamond chart. Below the charts is a table showing the results for four options: Option A (1), Option B (2), Option C (0), and Option D (0).

| Option A | Option B | Option C | Option D |
|----------|----------|----------|----------|
| A | B | C | D |
| 1 | 2 | 0 | 0 |
