

## Faculty Information

### Faculty Name (HU Feiyu)

#### ■ Division:

Sustainability Science (SS)

Tourism and Hospitality (TH)

#### ■ Research Area:

Public Health, Information System, Geographic Information, Big Data, Large Language Model, Mathematical Modeling, AI agent

#### ■ Research Methods:

Quantitative Analysis, System Development

#### ■ Seminar Topic and Keywords:

Computer Science, Data Science, AI, Interdisciplinary Research

#### ■ Seminar Teaching Method:

Discussion, Presentation, Individual consultation

#### ■ Possible Research Topics for Students:

Topics related to data science, AI agent development, and other computer science applications in health, social science, tourism, and hospitality contexts.

#### ■ Comments:

Students are expected to possess strong computer and data analysis skills, logical thinking abilities, and programming skills for system development.
