

Faculty Information

VYAS Utpal

■ Division:

International Relations (IR)

■ Research Area:

International Relations, International political economy, Comparative politics, Area studies and Regionalism (Asia and Europe)

■ Research Methods:

Qualitative, case studies, theory-based, mixed methods

■ Seminar Topic and Keywords:

Basic research methods, research design, and IR and politics discussions according to students' needs

■ Seminar Teaching Method:

Research methods classes, discussions, guided independent research, presentations

■ Possible Research Topics for Students:

Topics in International relations, political economy and politics

■ Comments:

While receiving guidance, students should be willing to conduct independent research and project design and set their own goals and schedule. They should also proactively make use of opportunities provided by the graduate school such as seminars and workshops.
