- Accounting and Finance (AF)

Research Area:

Pedagogy of Accounting

Keywords:

Pedagogy of Accounting

Seminar Topic:

Pedagogy of Accounting

Seminar Teaching Method:

Consultation-based

Possible Research Topics for Students:

Pedagogy of Accounting

Research Method:

Qualitative research method

Research Projects for Supervision:

- Master's Thesis
- Independent Final Report

Comments:

- A financial accounting exam will be held to assess your proficiency for entry into this seminar. A high level of financial accounting knowledge is required.
- It is strongly encouraged that students in my seminar possess high motivation and a well-defined research plan.
- Also, students need to be serious and punctual, respond to emails in a timely manner, and complete assignments by the deadlines.
