Introduction

1.1 Introduction

Begin Internship-based Case Study here. The line spacing must be set to double-space and printed single side.

List of References

Hanging indentation should be used for the List of References (all lines after the first line of each entry should be indented from the left margin).

The List of References should include all sources cited in the Research Project arranged in alphabetical order. Entries should be alphabetized by the family name of the first author of each work. Family names should be printed first, followed by a comma and then by initials of other names.

For multiple works by the same author(s), entries should be listed in chronological order, starting from earliest to most recent.

Maintain the punctuation and capitalization that is used by the journal in its title.

Although there are several citation styles, APU recommends using APA style.
