To all students, faculty, and staff,

Administration Office

### **Preliminary survey and steps for vaccination at APU**

APU is preparing for the COVID-19 vaccination program. The date of arrival of the vaccine and the number of people who can be vaccinated are still being discussed with the government, so the implementation program is still pending.

However, as part of the preparations for vaccination, we are conducting a preliminary survey to find out your preferences for vaccination. This survey is available through Campus Terminal, and we would appreciate your cooperation.

Please note that you do not need to answer the survey if you feel that you are unable to answer the questions due to reasons such as not being able to enter Japan at this time. The survey is optional, so please make your own decision on whether or not to complete it.
