

Extracurricular Activities Type B: Selected Project Project B: AY2024 Application Guidelines

Take advantage of the Unlimited Possibilities
you have NOW as a university student.
Make your Original Ideas Come to Life!

Project B helps bring students' unique project ideas to life! We are serious about providing you with the support needed to keep you excited and motivated!

- ✓ Opportunity to give shape to your ideas and dreams!
- ✓ Only 3 core members needed to apply!
- ✓ Possible to consult with staff and receive feedback before submitting your application!

1 · Eligibility Criteria

Student-led outstanding and unique projects/events

There is no set project theme, however, projects with themes that overlap with keywords such as "acquire intercultural acceptance and collaboration skills to be active in the international community," "make use of regular coursework," and "contribute to society," will be prioritized in the selection process.

2 · Merits of Project B

Project Support Subsidies

Project B	500,000 yen (Max)
-----------	-------------------

* Refer to "7. Project Funding" for further details.

Extensive University Support

- ✓ Frequent updates and promotion of Project B activities via the university website and social media! (There have been Project B groups in the past whose activities have garnered widespread media attention.)
- ✓ Priority given to Project B groups in reserving on-campus facilities and use of university equipment.

Skill Improvement AND Self Improvement

- ✓ Obtain event planning and management skills helpful in a future career through university-run workshops and feedback sessions.
- ✓ Experience personal growth from the joy of watching your ideas take shape and the delight of collaborating and creating with others.

3 · Application Requirements

Groups must fulfill the following requirements to be eligible to apply.

- ✓ Groups must have at least 3 core members. (All members must be currently enrolled APU students.)
- ✓ **Groups must be able to complete their project by the end of 2025 Spring Semester (September 20, 2025).**
- ✓ Groups must be able to participate in all required training workshops and presentations and see their project through to completion. (Refer to "4. Yearly Schedule")

Notes:

- ✓ It is preferred that groups have members from at least two different countries/regions.
- ✓ Registered clubs and circles may apply; however, the proposed activities must go beyond the realm of regular club/circle activities. It is possible for multiple clubs and circles to jointly apply and conduct a project together.
- ✓ Activities conducted as part of a class (including seminar classes) are not eligible for Project B support.

6. Pre-Application Consultations

Consulting with Outreach and Research Office staff allows you the chance to ask the most minor of questions to rather major ones before you apply. The quality of your application should improve with the amount of feedback you receive. Take advantage of this opportunity to have your questions answered and get valuable advice!

(1) Consultation Period:

- Consultations possible from Monday July 22 to Friday, October 18.

Office Hours: Mon ~ Fri 10:00 ~ 16:30, Tuesdays only: 13:00~16:30

※ Please send an email to project@apu.ac.jp to reserve a consultation slot. Emails should be sent at least 3 business days prior to the date you would like to schedule your consultation. Please include multiple dates and times you would be available in the email.

※ Please note it may not be possible to consult with staff if you visit the Outreach and Research Office without making an advance reservation.

※ Please read through the application guidelines prior to consulting with staff.

(2) Consultation Methods:

- Zoom or face-to-face (Outreach and Research Office: 2nd floor, A Building)

(3) Time: About 30 minutes per consultation.

7. Project Funding

(1) University Policy on Funding for Student Activities

The University considers it important for student organizations to have a budget appropriate to the scale of their projects/activities and use University funding appropriately and in the most cost-effective way possible.

(2) University Subsidies

- ① Maximum Amount Project B: Maximum of 500,000 yen per group

② Subsidy Screening

- The maximum subsidy amount for each project will be announced together with the final screening results.
- Please be aware that there is the possibility that project groups may not be approved for the entire subsidy amount they apply for.
- Project members will meet with their project advisor in the Outreach and Research Office to draft a budget and decide how to allocate subsidy funds.

- ③ Subsidy Period: Saturday, September 21, 2024~Friday, September 20, 2025

※Although the final screening results won't be announced until November, it will be possible for groups selected for Project B that have been actively working on their project from the start of 2024 Fall Semester (September 21~) to apply to be reimbursed for project-related costs incurred from September 21 onward.

④ Subsidy Reimbursement

- In principle, groups will pay for all project-related costs out of pocket. The University will reimburse project expenses at two designated periods during the year.
- The University may decide to directly pay for something instead of having the group pay out of pocket and reimburse them later. Cases like this could include situations where it is difficult for a group to come up with the funds for an expensive project-related purchase as well as occasions where payment is needed to be made swiftly to someone not affiliated with the University (honorarium given to a guest lecturer, etc.). Decisions will be made in light of the group's progress.
- The University will deposit the reimbursement in the designated bank account roughly 1 month after the necessary documents (Final Report, Financial Report, and receipts) have been submitted.
- Groups that have finished their project and have all their financial documents in order may apply to be reimbursed ahead of the application deadline.
- Groups must submit the documents necessary to be reimbursed (receipts, Financial Report, etc.)

for project-related expenditures incurred for the 2024 academic year by the designated submission date in March 2025. Please note that the university will not be able to reimburse AY2024 project costs once the 2025 academic year begins.

- The University will not reimburse project costs if the required documents are not submitted by the deadline.

⑤ Final Income/Expenditures and Subsidy Amount

- If project income exceeds expenditures: The subsidy amount will be reduced so that project income and expenditures equal zero.
- If project expenditures exceed the subsidy amount: The University will not bear any costs except for the maximum subsidy amount approved at the beginning of the project.

⑥ Income and Expenditure Records

Groups must keep a record of all income and expenditures for their project, including project costs that will not be subsidized, and report them to the University.

⑦ Income Generating Activities and Donations

- It is possible to hold an activity or event that generates income (collecting admission fees at an event, etc.), however, groups must first apply and receive approval from the University.
- Groups holding fundraising events or asking for donations from companies and organizations will need to provide a detailed plan and reason in the project proposal when applying.
